Temporary Interruption of Water Service

Harrisonburg, VA – The City of Harrisonburg’s Department of Public Utilities wants to provide notice that there will be another interruption of water service in the coming days in the Northfield Estates Subdivision.

Construction crews working on the new facilities at the Harrisonburg Department of Public Transportation (HDPT) will be relocating an eight inch water main as part of the ongoing construction project.

Staff members attempted to turn off water on Wednesday, October 9 and were not able to turn off all of the valves necessary to complete the water line relocation project.

On October 11 from 9:00 a.m. until approximately 9:15 a.m., water will temporarily be turned off in the Northfield Estates Subdivision. This will be a test to ensure all water will successfully turn off when crews return to complete the project on Monday.

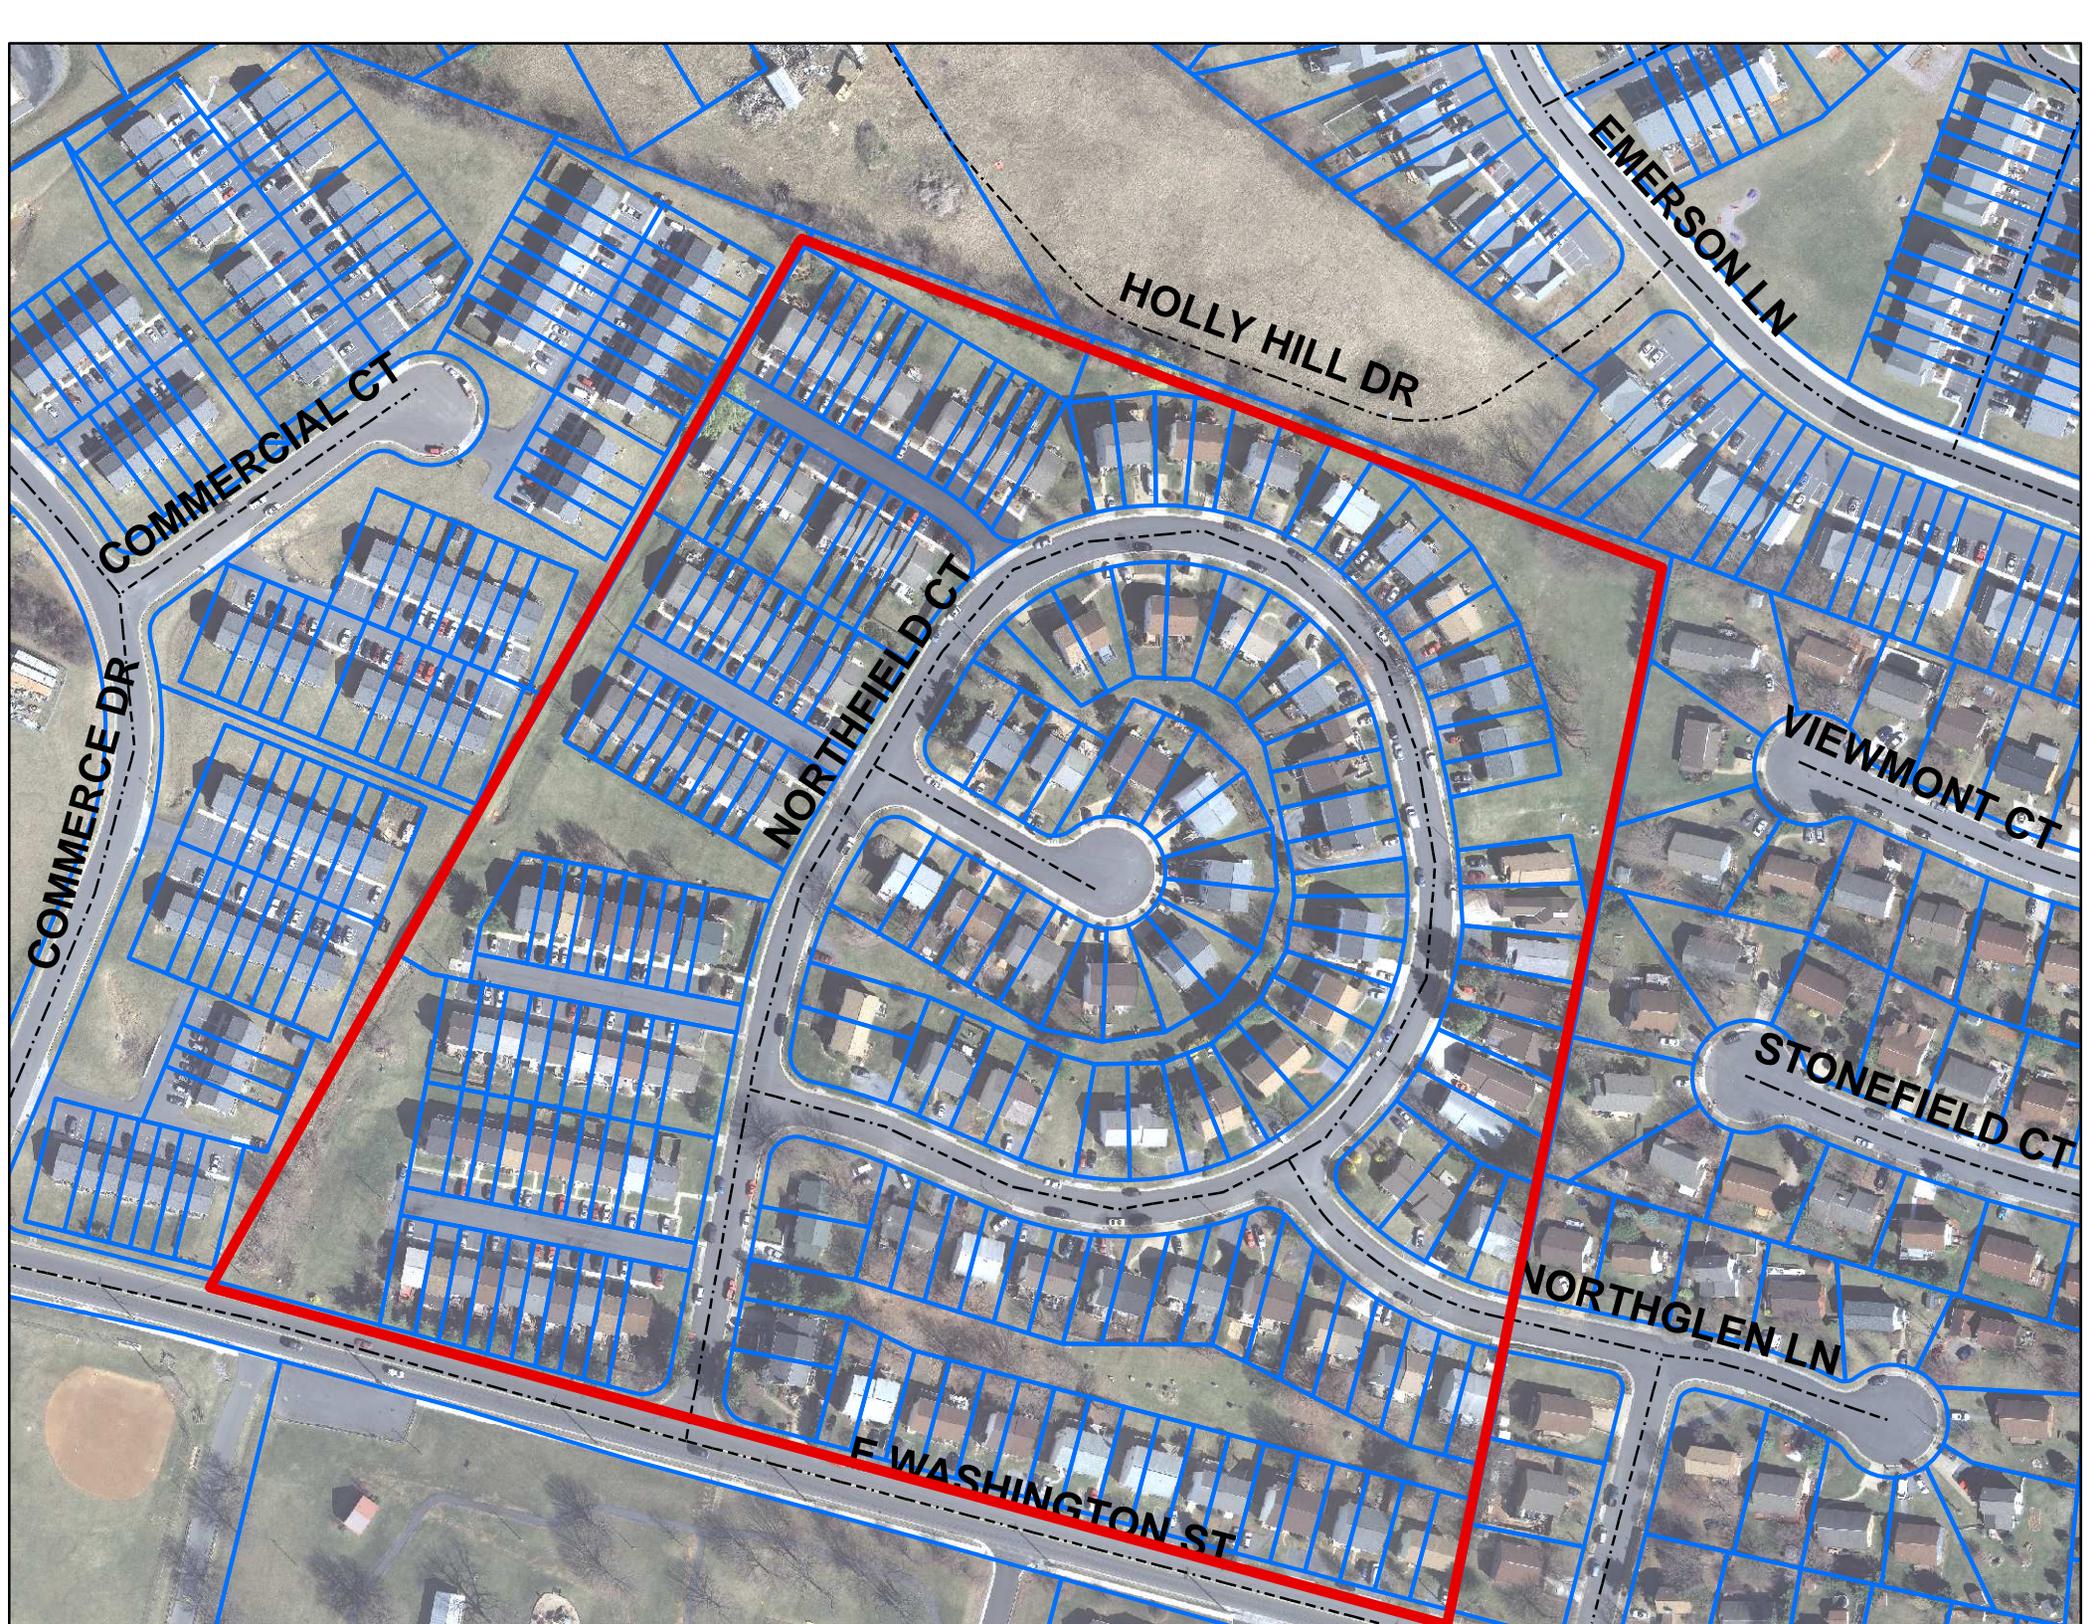

On Monday, October 14 water service in this area will temporarily be interrupted from 8:00 a.m. until 4:00 p.m.

Residents with questions may call the Department of Public Utilities at 540-434-9959.

Updates to the HDPT project are always available at www.HarrisonburgVA.gov/new-HDPT-facility.

*The **Harrisonburg Department of Public Utilities** is responsible for providing water and sewer services to residences and businesses. The Department currently manages approximately 16,000 accounts. For more information about these functions of the city, visit www.harrisonburgva.gov/public-utilities.*
