Upcoming Nighttime Paving Schedule

Harrisonburg, VA – The Public Works Department continues working through the annual paving schedule with the selected contractor, Adams Construction Company.

Milling and paving along Linda Lane, East Market Street, Evelyn Byrd Avenue, and Vine Street will take place starting Sunday night and continuing through Wednesday night.

Work will take place during the nighttime hours, from 7:00 p.m. until 7:00 a.m. due to the high volume of traffic on these roadways during the day.

Paving Schedule

Sunday, September 21 – Linda Lane, from East Market Street to Country Club Road and a west bound shoulder repair on East Market Street, east of Country Club Road

Monday, September 22 and Tuesday, September 23 – Evelyn Byrd Avenue, East Market Street to University Boulevard

Wednesday, September 24 – Vine Street, at the intersection of Country Club Road

Motorists will still be able to travel on the roadways with limited access while the paving is being complete.

The milling operation consists of removing approximately 1 ½ to two inches of old pavement and replacing it with new asphalt.

The annual paving started at the end of March and should be complete by fall.

This schedule can be subject to change due to weather conditions and unforeseen maintenance on equipment. More information is available at www.HarrisonburgVA.gov/paving-schedule.

The City of Harrisonburg is centrally located in the Shenandoah Valley of Virginia. It is home to approximately 50,000 people. More information about the City of Harrisonburg is online at www.HarrisonburgVA.gov.
