## Harrisonburg Streetscape Continues its Progress

Harrisonburg, VA – The Public Works Department in partnership with Falconer Construction Company continue making progress on Phase 2 of the Harrisonburg Streetscape Project, “Our Next Steps.”

Crews continue working on the public parking lot across from Newman Avenue and anticipate being complete with that portion of the project within the next two weeks. The demolition of the existing sidewalk, from the parking lot across from Newman Avenue to Water Street, has been complete and the construction of a new sidewalk and decorative brick will soon take place.

On Wednesday, October 1 and Thursday, October 2, Water Street, from Main to Liberty streets, will be closed. This closure is necessary so crews can install conduit across Water Street for a new traffic and pedestrian signal.

Access to the Water Street parking deck will be available from the Bruce Street entrance and exit.

As construction continues, the city reminds the community that businesses are open and still accessible from Main Street.

Information is always available at [www.Harrisonburgva.gov/downtown-streetscape-next-steps](http://www.Harrisonburgva.gov/downtown-streetscape-next-steps).
