## Temporary Downtown Lane Closures

Harrisonburg, VA – Work continues on the downtown streetscape project and will continue to require lane closures in downtown Harrisonburg during the week of December 8-12.

The City of Harrisonburg, in partnership with Faulconer Construction, is making progress with Phase 2 of the Harrisonburg Streetscape Project.

- one lane of **Main Street** will be closed;
- **the right turn lane on Main Street at East Market** will be closed; and
- **Water Street, east of Main Street** will be closed *periodically* this week.

This is subject to change due to weather conditions or if project circumstances warrant.

Access to the parking lots on Water Street will remain open. The parking lot in the rear of the Hardesty-Higgins House will remain open and accessible from Franklin Street. Signs have been placed to assist in directing visitors to this public parking lot.

Please slow down and drive cautiously in this work zone. The area will be well marked with signs to alert motorists. The City apologizes for any inconvenience this work may create and thanks everyone for their patience and cooperation.

Streetscape construction is still on track to be completed by the end of December and the public is reminded that the businesses behind the construction barriers are still open and accessible!

Additional information on the Streetscape project is available at [www.HarrisonburgVA.gov/Downtown-Streetscape-Next-Steps](http://www.HarrisonburgVA.gov/Downtown-Streetscape-Next-Steps).
