Child Safety Seat Technician’s Office Temporarily Moves

Harrisonburg, Va. – The Harrisonburg Fire Department (HFD) is temporarily moving its office for child safety seat inspections.

Building renovations will soon begin to HFD’s Station 1 on Maryland Avenue, where the inspections currently take place. In order to allow the building to be renovated, all child safety seat inspections will occur at HFD’s Station 4, starting Monday, August 1.

HFD Station 4 is located at 210 E. Rock Street and members of the community are encouraged to call ahead for an appointment.

It is anticipated that the child safety seat technician’s office will operate out of Station 4 for approximately one year.
