## Signal Work Continues at Intersection

Harrisonburg, Va. – The city of Harrisonburg’s Public Works Department continues work on the traffic and pedestrian signal at the intersection of South Main and Grace streets.

The signals will be turned off at this intersection on Monday, August 8 at 9:00 p.m. until Tuesday, August 9 at 5:00 a.m.

During this designated time a temporary traffic pattern will be in place.

Southbound and northbound traffic on Main Street will be able to proceed through the intersection with no left or right turns onto Grace Street.

Eastbound traffic on West Grace Street will only be able to turn right on to South Main Street.

East Grace Street will be closed from South Main to Mason streets. Access to buildings along East Grace Street will be permitted through Mason Street.

At times, traffic traveling in all directions will be stopped throughout the duration of this work for approximately 10 minute periods.

Signage will be posted in the area prior to the work taking place and all signal work is expected to be completed by the end of August.

This schedule is subject to change due to weather conditions or unforeseen maintenance on equipment.

*The Harrisonburg Public Works Department maintains more than 300 lane miles, 42.37 miles of public sidewalk, 250 miles of curb and gutter, and hundreds of acres of city right-of-way. The Department strives to ensure a safe, clean, and clear passageway for all vehicular and pedestrian traffic. More information about street and sidewalk maintenance is available at*
