Overnight Work Creates Temporary Street Closure

Harrisonburg, Va. – The Harrisonburg Public Utilities Department will conduct work at the beginning of next week that will require a temporary change in traffic patterns downtown.

Starting Tuesday, December 13 at 7:00 p.m. until Wednesday, December 14 at 6:00 a.m., South Main Street, from Newman Avenue to Court Square, will be closed. This work is being done overnight to lessen the impact on motorists and pedestrians and when the least amount of traffic will be on Main Street.

Traffic is being rerouted from Main Street, east on to Newman Avenue and then north on Mason Street.

Several water services are being upsized as part of renovation projects by private developers. A water service is the line that runs from the water main to the water meter.

Motorists, bicyclists, and pedestrians are reminded to use caution in this area while the work is being done.

This schedule is subject to change due to weather conditions or unforeseen maintenance on equipment.

*The **Harrisonburg Department of Public Utilities** is responsible for providing water and sewer services to residences and businesses. The Department currently manages approximately 16,000 accounts. For more information about these functions of the city, visit www.harrisonburgva.gov/public-utilities.*
