Temporary Interruption in Water Service

Harrisonburg, Va. – The city of Harrisonburg’s Public Utilities Department will temporarily turn off water along South Main Street for a repair.

On Tuesday, March 7, crews will work to repair a 12 inch water line that currently has a leak. Work will begin around 9:00 p.m. and will be finished by 7:00 a.m. on Wednesday, March 8. This work is being conducted overnight in an effort to have the smallest impact to customers and motorists.

Water will be turned off from 3305 to 3826 South Main Street and also all of Reedy Circle.

Southbound Main Street, near the intersection of Covenant Drive, will be closed while this work is being conducted. Southbound motorists will still be able to travel through this area and will be directed to do so in the center turn lane. Motorists are encouraged to use caution and drive slow through the work zone because of the crews working in and around the roadway.

This schedule is subject to change due to weather conditions or unforeseen maintenance on equipment.

Anyone with questions may contact the Public Utilities Department at 540-434-9959.

*The city of Harrisonburg is home to four **Harrisonburg Fire Department** stations. For more information about each fire station, visit www.HarrisonburgVA.gov/hfd-stations.*
