Change in Traffic Pattern on South Main Street

Harrisonburg, Va. – The city’s Public Utilities Department will be working on repairing a portion of its sewer infrastructure next week.

Starting Tuesday, April 11 the two northbound travel lanes in the 2600 block of South Main Street will be narrowed down to one lane.

Repairs to the sewer main will be made and will take approximately one week to complete.

Motorists are reminded to slow down and use caution when traveling in this area. It is always important to be mindful of the crews working in and near the roadway.

This schedule is subject to change due to weather conditions or unforeseen maintenance on equipment.

Additional information on the Public Utilities Department can be found at www.HarrisonburgVA.gov/public-utilities.

The City of Harrisonburg is centrally located in the Shenandoah Valley of Virginia. It is home to approximately 50,000 people. More information about the City of Harrisonburg is online at www.HarrisonburgVA.gov.
