Crews Work to Repair Water Line Break

Harrisonburg, Va. – The city of Harrisonburg’s Public Utilities Department is in the process of responding to and repairing a break in a city water line.

The break is in a 10-inch water line that is located in the area of the 4000 block of Rawley Pike (Route 33 west), near Dale Enterprise and Bellview roads.

Some water customers in this area will have a temporary interruption in service while crews work to identify where the break is, locate the surrounding utilities, and begin the repair.

Motorists are encouraged to slow down and use caution as the roadway will be narrowed to one lane, while this work is taking place.

Crews are expected to be on site throughout the evening and most of the night to repair the water line.

The City of Harrisonburg is centrally located in the Shenandoah Valley of Virginia. It is home to almost 55,000 people. More information about the City of Harrisonburg is online at www.HarrisonburgVA.gov.
