Brief lane closures, parking restrictions as Water Street deck repairs near

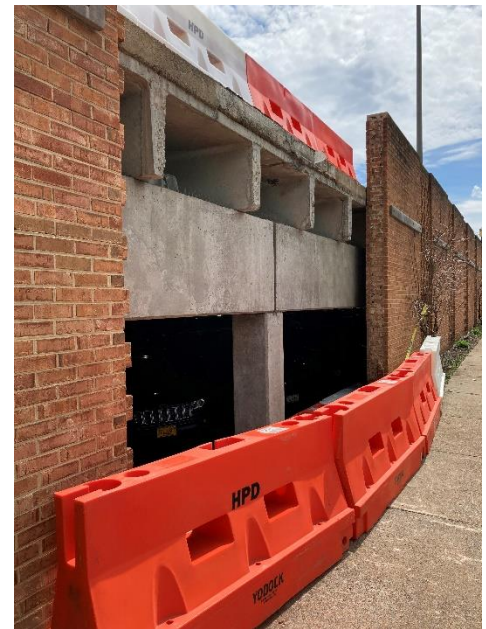

HARRISONBURG, Va. – Masonry work to repair the damaged façade of the Water Street parking deck will begin next week, causing temporary lane closures during the day and limiting parking in the spaces immediately adjacent to the work.

A small section of parking deck wall was damaged in February near the corner of Liberty and Water streets after a vehicle struck the bricks. No structural damage was caused to the deck, and it has remained open since that time.

One lane of Liberty Street will be closed in the area of the work starting Tuesday and lasting through the week. The lane will be closed only while work is taking place during the day and will reopen in the evenings. Parking near the section on both levels of the deck will be restricted during this time.

Repair work is estimated to cost approximately \$20,000.

The City of Harrisonburg is centrally located in the Shenandoah Valley of Virginia. It is home to 51,000 people. More information about the City of Harrisonburg is online at www.HarrisonburgVA.gov.
