Sidewalk work to commence along South Main Street near City Hall

HARRISONBURG, Va. – Sidewalk repairs will begin next week on the west side of South Main Street from City Hall to Bruce Street as part of continued Downtown beautification efforts.

Construction will begin Monday, July 11, with temporary sidewalk closures. Pedestrian traffic will detour to the east side of the street until the project is completed.

The improvements will replace the existing concrete with the same decorative brick located next to City Hall.

The sidewalk project is expected to be completed by the end of the month.

Crews will begin sidewalk repairs on the west side of South Main Street (above) on July 11. Temporary sidewalk closures will take place during construction.

*The **City of Harrisonburg** is centrally located in the Shenandoah Valley of Virginia. It is home to approximately 54,000 people. More information about the City of Harrisonburg is available online at www.HarrisonburgVA.gov.*
