Harrisonburg Police Train on Critical Incident Response

The Harrisonburg Police Department will be conducting police training at the Harrisonburg Valley Mall on March 3rd. The training is developed to prepare our police officers to respond and effectively handle critical incidents in large commercial venues.

The training will be a joint operation between the Harrisonburg Police Department, Valley Mall, and their partnering mall stores.

Our department values the safety of our community to the highest degree. This is a great opportunity to partner with our business community to program our officers for success if ever faced with a critical incident.

The police training will not be open to the public and will be conducted during non-business hours of the mall to alleviate any type of disruption for the local businesses.
