Harrisonburg Police Department Community Walk

Harrisonburg, VA – On Tuesday November 20th at 6:00 pm Officers with the Harrisonburg Police Department, along with other city departments, will be participating in a community walk. This event provides an opportunity for officers and other community stakeholders to go door to door and connect with residents through conversation.

The focus area of the walk will be HPD's District 2 locations, to include the 200 block of Chicago Ave, 400 block of Green St, and the 400 block of West Wolfe Street. This is the first of many community walks which are expected to take place in the coming months.

HPD encourages community members to not only walk with us, but also to engage our officers who work in their district by asking questions, sharing information and learning about resources available to them.

The 'Community Walk' program, was established to help bring together law enforcement and the people it serves, with the goal of building mutual trust.

"The event fits with our Community Policing philosophy," says Chief of Police Eric English. "We're taking the community engagement and dialogue to the citizens, in their neighborhoods, giving everyone a chance to discuss issues and learn more about each other."
