

**Bicycle & Pedestrian Subcommittee
of the Transportation Safety & Advisory Commission
City of Harrisonburg, Virginia**

TO: Bicycle & Pedestrian Subcommittee Members
FROM: Jakob zumFelde, Public Works Planner
DATE: July 20, 2020
RE: Bicycle & Pedestrian Subcommittee Agenda for Monday, July 27, 2020

The Bicycle & Pedestrian Subcommittee will meet on Monday, July 27, 2020 at 6:00pm.

For the health of all participants, and following current state and local guidelines related to the Covid-19 pandemic, this meeting will not be held in person. Instead, it will be held as a virtual meeting of the Subcommittee, with members of the public being able to watch live. Members of the public who desire to share a comment can e-mail their comments ahead of time.

Community members and media will be able to watch the meeting live on:

- The City's website, <https://www.harrisonburgva.gov/agendas>
- Public Education Government Channel 3

Public comments must be received by 12 noon on the day of the meeting and will be shared with Subcommittee members. Please email comments to: jakob.zumfelde@harrisonburgva.gov

- **Upcoming City Studies/Plans**
 - Port Republic Rd & Bluestone Dr/Hillside Ave intersection bicycle and pedestrian overpass
 - Downtown Master Plan
- **Project Updates** – see attachment

Announcements / Other Business

Adjourn

Next Meeting: September 28, 2020 @ 6pm

Descriptions of active projects can be found at <https://www.harrisonburgva.gov/transportation-projects>

- **Federal Street Shared Use Path – Elizabeth Street to E. Market Street**

Construction completed!

- **Chicago Ave & Waterman Dr intersection improvements**

Construction to be completed by City staff.

- **Wolfe St Sidewalk improvements**

Construction on-hold due to budget constraints.

- **Audible Pedestrian Signal implementation** (no change)

Audible pedestrian signals communicate “walk” and “don’t walk” information to pedestrians, which is essential for the mobility and safety of visually-impaired residents. This project, funded by VDOT through the Highway Safety Improvement Program (HSIP), will make upgrades to add audible pedestrian signals at many intersections in the City. All intersection improvements have been identified.

Initial schedule:

- Bid – Fall 2020
- Construction – Winter 2020/2021

- **Dogwood Dr sidewalk**

Sidewalk will be constructed on the West side of Dogwood Dr between W. Market St and the path entrance to Westover Park. Funded through Community Development Block Grant (CDBG). Construction in 2021.

- **Garbers Church Road Shared Use Path** (no change)

The schedule is planned as follows:

- 60% plans – Completed in early 2019
- 100% plans – Completed
- Right of way acquisition – Underway
- Bid project – Fall/Winter 2020
- Construction – 2021

- **Mt. Clinton Pike** (no change)

The scope of this project includes addition of a shared use path (extension of the Northend Greenway) on the north side of Mt. Clinton Pike between Park Rd and Virginia Ave and road design modifications, likely including addition of a turn lane at Mt. Clinton Pike and Chicago Ave. Filling sidewalk gaps on the south side of Mt. Clinton Pike is also planned, unless the cost of other aspects uses all of the available funding.

Initial schedule:

- 60% Plans – Winter 2021
- Public Involvement – Winter 2021
- Right of Way/Utilities – 2021
- Bid – Winter 2022
- Construction – 2022
