

**ADDENDUM #1**  
**ITB NUMBER: 2014053-CS-B**  
**Traffic Signal Backup Systems ITB**

DATE: May 22, 2014

TO: All Potential Bidders

City of Harrisonburg's Traffic Signal Backup Systems ITB (ITB#: 2014053-CS-B), is modified as follows:

1. Question: Is the item for batteries suppose to reflect (1) battery or (6) batteries for each cabinet?

Answer: Each cabinet requires six (6) batteries per cabinet for a new install. The initial purchase through this contract shall be guaranteed for the purchase of six (6) Tesco brand 200VA Traffic Signal Battery Backup Systems, which do not include the batteries. Systems should be priced per each unit, without the batteries. Batteries should be priced per each unit, without the system.

The City is not obligated to purchase batteries from the vendor under this ITB and subsequent contract, however should the City elect to purchase the batteries from the vendor, the total batteries needed for the guaranteed six (6) systems would be thirty-six (36) total batteries.

All other requirements, terms and conditions of the ITB remain unchanged.

Addendum page must be signed and returned with your bid to acknowledge receipt of this addendum.
