

ADDENDUM #2
RFP NUMBER: 2014005-PU-P
North River Pump Station Motor Replacement RFP
PROJECT 473-12-13
CONTRACT 3

DATE: December 31, 2013

TO: All Potential Proposers

City of Harrisonburg's North River Pump Station Motor Replacement RFP (2014005-PU-P), is modified as follows:

1. Question: Section 7 - Instructions for Preparing and Submitting Proposals--As outlined in paragraphs D and T, it appears we will have to include a lot of data with our proposal. In paragraph F, subpar. 3 you ask for one portable document and five (5) copies of the original proposal. Do we need to provide a portable copy and 5 copies of proposal and all submittal data required in paragraphs D and T?

Answer: We only need five copies and one pdf of the proposal. Item viii on Page 12 clarifies that only 3-copies of the O&M manual with a pdf copy are required to go with the proposal total; so two paper copies of the proposal will not have the O&M package with them. The O&M manuals are typically rather voluminous and the additional two copies were not seen as necessary.

End of Addendum No. 2

All other requirements, terms and conditions of the RFP remain unchanged.

Addendum page must be signed and returned with your proposal to acknowledge receipt of this addendum.
