

**ADDENDUM #2**  
**ITB/RFP NUMBER: 2015030-IT-P**  
**Dark Fiber Connections RFP**

DATE: May 22, 2015

TO: All Potential Bidders/Offerors

City of Harrisonburg's Dark Fiber Connections RFP, is modified as follows:

1. Question: The RFP asks to "provide Indefeasible Right to Use (IRU) Dark Fiber connections." Our company can supply dark fiber connections via a long term "lease" but not IRU. Sometimes these terms (IRU and lease) are used interchangeably and we view them differently. We want to ensure if we respond via a lease option, that meets your criteria, it will be acceptable. Any potential resulting contract would need to reference "lease" and not "IRU" if acceptable.

Answer: As long as the criteria in the RFP is met, a contract that references a "lease" of dark fiber will be acceptable. The City wishes to have exclusive use of the strands for the contract term. The strands will only be used by the City government and City schools.

All other requirements, terms and conditions of the ITB/RFP remain unchanged.
