Background on the company, including the number of years in business and past major projects completed. Successful Offeror shall have the ability to provide good administrative support to the City. (40 points)
- 3. Responsiveness:** The Contractor's ability to deliver the required services on time and in accordance with the Scope of Work. This also includes compliance with applicable state and federal laws and regulations. (30 points)
- 4. Cost:** Costs will not be the sole deciding factor in the selection process, but will be considered in the case of this RFP. (15 points)

As part of the evaluation process, the City may ask questions of a clarifying nature from Offerors as required. The City may also request an oral presentation to explain the proposal and answer questions.

The City reserves the right to cancel this RFP at any time and/or reject any or all proposals received as a result of this RFP. The City reserves the right to waive any informality in any proposal.

X. CONTRACT TERM

Any resulting contract from this RFP may be contingent upon the City contracting with our current disposal/processing facility. If the contract is terminated with our current disposal/processing

facility, the City may not renew the hauling contract after the initial contract term. The City wishes to retain the option of hauling materials ourselves if it is determined to be in the best interest of the City.

The initial term of the contract will be one (1) year. This contract period may be renewed for four (4) additional one (1) year periods, provided acceptable rates can be negotiated between the City and the successful Offeror and provided Contractor's performance in the initial term is satisfactory.

X. AWARD OF CONTRACT

Selection shall be made of two or more Offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the request for proposals, including price if so stated in the request for proposal. Negotiations shall then be conducted with each of the Offerors so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each Offeror so selected, the City shall select the Offeror(s) which, in its opinion, has made the best proposal, and shall award the contract to that Offeror(s). Should the City determine in writing and in its sole discretion that only one Offeror(s) is fully qualified, or that one Offeror(s) is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that Offeror. Once the selection has been made as to which Offeror(s) will be awarded the contract, the Procurement Manager will post a Notice of Award on the City's website at www.harrisonburgva.gov/bid-proposal-award-notifications and also on eVA at www.eva.virginia.gov.

The award documentation will subsequently be followed by a contract incorporating by reference all the requirements, terms and conditions of the solicitation and the Offeror's proposal as negotiated.

XIII. PAYMENT TERMS

Contractor will submit an invoice on a monthly basis to the City for completed services and/or goods provided for the previous month. The invoice must contain detailed daily breakdown for the month to include the number of trips (to & from disposal/processing facility) per day and miles travelled per trip in accordance with the approved route mileage. One "trip" is considered to be from the City's transfer facility to the approved disposal/processing facility and back to the City's transfer facility. Prior to the start of the hauling services the Contractor and City will agree to route mileages for each of the proposed routes that could be used by the Contractor. Contractor must provide individual tickets denoting tonnages transferred, with the appropriate driver signature and truck identification noted on each ticket.
