3. Responsiveness: The Contractor's ability to deliver the required services on time and in accordance with the Scope of Work. This also includes compliance with applicable state and federal laws and regulations. 15%

4. Cost: Costs will not be the sole deciding factor in the selection process, but will be considered in the case of this RFP. 20%

As part of the evaluation process, the City may ask questions of a clarifying nature from Offerors as required. The City may also request an oral presentation to explain the proposal and answer questions.

The City reserves the right to cancel this RFP at any time or reject any or all proposals received as a result of this RFP if it is in the best interest of the City. The City reserves the right to waive any informality in any proposal.

XI. CONTRACT TERM

The initial term of the contract will be one (1) year, estimated to begin April 2015. This contract period may be renewed for four (4) additional one (1) year periods, provided acceptable (CPI-W Other Services) rates can be negotiated between the City and the successful Offeror.

XII. AWARD OF CONTRACT

The City reserves the right to award based on the most cost effective solution for the processing and disposal of MSW, and bulk debris. This will be determined during this RFP process. This may result in multiple awards or awards on any combination thereof for requested services. The City reserves the right to select elements from different individual Proposers and to combine and consolidate them in any way that best serves the City's interest. The City reserves the right to reduce the scope of the project and evaluate only the remaining elements from all Proposals. The City reserves the right to reject specific elements contained in all proposals and to complete the evaluation process based only on the remaining items.

Selection shall be made of two or more Offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the request for proposals, including price if so stated in the request for proposal. Negotiations shall then be conducted with each of the Offerors so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each Offeror so selected,

the City shall select the Offeror(s) which, in its opinion, has made the best proposal, and shall award the contract to that Offeror(s). Should the City determine in writing and in its sole discretion that only one Offeror(s) is fully qualified, or that one Offeror(s) is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that Offeror. Once the selection has been made as to which Offeror(s) will be awarded the contract, the Procurement Manager will post a Notice of Award on the City's website at www.harrisonburgva.gov/bid-proposal-award-notifications and also on eVA at www.eva.virginia.gov.

The award documentation will subsequently be followed by a contract incorporating by reference all the requirements, terms and conditions of the solicitation and the Offeror's proposal as negotiated.

XIII. PAYMENT TERMS

Contractor will bill the city monthly for completed services or goods provided for the previous month. Detail billing shall be required. Contractor must provide individual tickets denoting tonnages of both processed and disposed.
