BUDGET IN BRIEF

ADOPTED FISCAL YEAR 2026-2027

BUDGETING INTRODUCTORY INFORMATION

The adopted Fiscal Year 2026-2027 Citywide budget amounts to \$406.7 million. The largest budget is the General Fund, which primarily funds police, fire, planning, parks and recreation services, and public works, as well as internal support functions. The second largest budget is the School Fund, which supports school administration, instruction, pupil transportation, maintenance, and technology.

The City expects to fund approximately \$27 million in capital investments, including for vital water and sewer infrastructure projects, roof repairs at the popular Westover Park Community Activities Center, culvert work along South Avenue and many other important needs.

Budget FY26-27

The budget operates on a fiscal year, which runs July 1 through June 30.

DEVELOPING THE CITY'S BUDGET

Designing a City budget is one of the most important jobs of a City Manager and the City Council. It requires a great deal of effort, a lot of time, a careful ordering of priorities, consultation with the comprehensive plan and capital improvement plan, and considerable input from residents.

BUDGET CHALLENGES

This year's budget was developed in an environment of constrained revenue growth and an increase to the City's portion of shared services with Rockingham County. Despite these challenges and the fact this adopted budget is a 2.2 percent decrease from the current fiscal year, this balanced budget maintains current tax rates while focusing on delivering high-quality services, recruiting and retaining an industry-leading workforce, and investing in capital improvements.

A main driving force in this year's adopted budget is the continued effort toward workforce recruitment and retention, which includes steps to improve employee compensation, address rising insurance costs, and complete benefits improvement requests that staff learned during the 2024 Comprehensive Benefits Study. Talented people are indispensable to public service delivery, and continuing to make these kinds of investments into our staff whenever possible is expected to remain a staple of each City of Harrisonburg budget proposal.

In order to achieve these goals while not impacting the current real estate tax rate of \$1.01 per \$100 valuation, this adopted budget strategically uses the City's fund balance to offset the costs of ongoing capital improvements and one-time expenditures. The proposal also includes an increase of \$2.05 per month in utility fees for the average residential customer in order to support the replacement and upgrade of water and sewer systems across the community. In addition, the adopted budget includes a \$2 per billing unit increase to the stormwater fee to fund upcoming stormwater projects.

GENERAL FUND REVENUES

The General Fund revenues are the different taxes, fees, and other sources of money that come in to the City.

The largest source of funding for the General Fund is real estate tax, which makes up 37.1% of the fund's revenue.

Other significant General Fund funding sources are sales tax and restaurant tax, which combined are 22.4% of revenue.

The fund balance -- considered the City's "savings account" -- is sometimes used to pay for one time capital expenditures.

GENERAL FUND EXPENDITURES

The General Fund expenditures are the funds from which the departments expend money to provide quality services to community members on a daily basis. Of the City’s adopted budget, most of the big spending decisions occur within the General Fund. This fund is also where the City has the most discretion.

WHERE DO YOUR TAX DOLLARS AND FEE PAYMENTS GO?

The City's General Fund revenue is diversified. More than half of the City's revenue is generated by taxes such as real estate, sales, and restaurant food. User fees for services are another key source of funding, including charges for refuse collection and stormwater management. The dollar graphic below demonstrates how many cents of each dollar received by the City's General Fund is used to support the many services received by the community.

ADOPTED TAX & FEE RATES

Real Estate Tax	\$1.01 per \$100 of assessed value
Personal Property Tax (vehicles)	\$3.45 per \$100 of assessed value
Personal Property Tax (other)	\$2.12 per \$100 of assessed value

CAPITAL IMPROVEMENT PROJECTS

Planning for capital equipment and improvements is a matter of prudent fiscal management. During each budget cycle the City reviews maintenance, replacement, and repair needs in the Capital Improvement Plan and selects projects to incorporate into the budget based on priority and availability of funds. The 2026-27 adopted budget includes \$27 million in capital funding.

FINANCIAL REPORTING RECOGNITION

In 2021, the City was rated Aa2 from Moody's and AA+ from Standard & Poor's rating agencies. The ratings represent the strength of the City's credit and thus the safety of investing in City bonds. The City's top bond ratings reflect the sound financial management of the City and allow the City to borrow money from investors at low interest rates.

The Government Finance Officers Association of the United States and Canada awarded a certificate of achievement for excellence in financial reporting to the City for its Annual Comprehensive Financial Report (ACFR). The City has received this for the 30th consecutive year. This certificate is the highest form of recognition in this area of government.
