Recruitment and selection should be conducted in a uniform manner by trained personnel and as required by the Code of Virginia.

B. ACCOUNTABILITY STATEMENT

All employees are expected to fully comply with the guidelines and timelines set forth in this policy. Responsibility rests with the supervisor to ensure that any violations of policy are investigated and appropriate training, counseling and/or disciplinary action is initiated. This directive is for internal use only and does not enlarge an employee's civil liability in any way. It should not be construed as the creation of a higher standard of safety or care in an evidentiary sense, with respect to third party claims. Violation of this directive, if proven, can only form the basis of a complaint by this department, and then only in a non-judicial administrative setting.

L. CAREER DEVELOPMENT PROGRAM

The Career Development Program (CDP) is a program that is based on voluntary participation and is limited to full-time non-supervisory officers (POII, Investigator, Master Police Officer, Career Police Officer) of the Harrisonburg Police Department. At its core, the CDP provides a career track for officers who wish to contribute to the department beyond the minimum requirements of their positions and provides incentives and recognition for those officers who choose to participate. Officers can earn CDP points by accruing certifications and participating in community activities. There are five established levels, or tiers, to the CDP allowing officers to achieve up to 20% above their annual salary.

a. PROGRAM GOALS

The primary goals of the CDP are to provide non-supervisory officers an avenue to continuously build upon their career, motivate employees to achieve and maintain specialties and proficiencies, maintain a high level of employee retention, and recognize and reward employees' achievements and contributions to the goals of the Harrisonburg Police Department. Specifically, the CDP recognizes several factors:

- a. Longevity at the Harrisonburg Police Department
- b. Exceeding expectations in annual performance evaluations and maintaining status of "Good Standing"
- c. Police Training and involvement in specialties
- d. Educational achievements
- e. Contributions to geographical policing

b. PARTICIPATION IN THE PROGRAM

The CDP is a voluntary program for non-supervisory officers, and the different tiers of the program are challenging, yet attainable. It is highly recommended that officers who wish to participate in the CDP begin working towards goals of the CDP as dearly as possible in his or her career, rather than waiting until he or she is eligible to participate to begin working toward achieving particular levels of the program. Additionally, it is important to note that each individual officer who chooses to participate in the CDP is fully responsible for documenting the activities that the officer includes as part of his or her CDP application packet, and for submitting the CDP packet for review by the specified due date of May 1 each year. For example, if an officer references his or her involvement in geographic policing, training, educational endeavors, or other activities it is the individual officer's responsibility to document and record these activities each year, and to then submit these activities for CDP credit. Since the CDP is

specifically a program for non-supervisory officers, if an officer is promoted to a supervisory rank, upon receiving the promotion he or she will no longer participate in the CDP.

c. PERFORMANCE APPRAISAL REQUIREMENT AND GOOD STANDING

Participation in the CDP requires that an officer achieve a minimum score of 2.5 on his or her annual City of Harrisonburg Performance Appraisal. For lateral transfers from qualified Law Enforcement Agencies, an equivalent performance appraisal rating is required. In the event that an officer averages less than 2.5 on his or her annual performance appraisal, the officer will not be eligible to advance to the next Tier to in the program.

d. LONGEVITY

Officers will begin to accrue time-in-service from the date on which they begin employment as a law enforcement officer.

e. POINT ATTAINMENT

As previously stated, participation in the CDP is voluntary. As such, each officer who submits an application packet to the CDP Committee is solely responsible for documenting his or her activities to earn points in the program. Simply attaining a particular specialty or title does not guarantee that an officer receive CDP points; documentation is required to demonstrate the officer's commitment and involvement in said activity. This point cannot be stressed enough: Each officer is solely responsible for documenting his or her CDP activities; if the officer does not include supporting records and documentation for an activity for which he or she is requesting CDP points, no points will be awarded for this activity.

Applicants are required to record the specialty assignments and activities in which they are involved and for which they will propose to earn CDP points. Officers must provide records, documentation and other information such as a narrative or similar document that demonstrates or explains the level of the officer's involvement in each activity referenced in his or her CDP Application Packet. In practical terms, this means that the officer should demonstrate facts such as a description of geographic policing programs in which he or she was involved, the number of trainings he or she attended or instructed, the number of call-outs to which the officer responded, and other useful information to demonstrate an officer's contributions to the department.

f. ATTAINING AND MAINTAINING CDP STATUS

Officers who participate in the CDP must submit a CDP application packet to the CDP Committee for assessment every year in which they wish to participate in the program. Officers who laterally transfer from another qualified agency, must submit their application to the Chief of Police before completion of the Police Training Program. As such, once an officer attains a particular level in the program, he or she must at least maintain his or her level of activity to keep that status during the next year. Attaining a particular status one year does not guarantee an

officer's status in subsequent years. Given that each level of the program has a different monetary incentive, an officer's salary may increase or decrease based on changes in his or her CDP status each year he or she participates in the program.

For example, if an officer has enough years of service to qualify for Tier 3 of the program, but only enough CDP points for Tier 2, he or she will attain Tier 2. However, if in the subsequent year he or she earns enough points for Tier 3, the officer will then qualify for Tier 3 and earn the corresponding percentage increase in salary. As an example, if in the next year that same officer only earns enough points for Tier 1, he or she will then attain Tier 1 status and the officer's salary will be decreased by the amount of increases he or she received for both Tier 2 and Tier 3. In the event that an officer decides to no longer participate in the CDP, he or she will revert back to POII status and the officer's salary will decrease by the total percentage(s) earned while participating in the CDP.

Officers should submit a CDP application packet during the evaluation period in the year prior to becoming eligible for a particular tier of the program. Upon reaching required number of years of full time police service (based on the anniversary date of their appointment to the position of (Police Officer) for attaining a particular tier in the program, the officer will achieve that tier if he or she submitted a CDP packet for the current CDP year and still meets all requirements of the program. For example: Officer X has eight years of service and is in Tier 1 of the CDP. Officer X submits his or her CDP packet in May of his or her eighth year at HPD and earns 14 points, enough for Tier 2 of the program. Officer X will begin the fiscal year in Tier 1 of the CDP, and will move to Tier 2 on his or her next anniversary of his her date of hire as a Police Officer as long as the officer still meets the requirements of the program (2.5 or higher most recent performance appraisal and in Good Standing).

g. RESIDUAL POINTS

The Career Development Program Committee has determined that if an officer performs a specialty for a period less than 5 years and voluntarily resigns from the specialty position, then he or she may earn residual points for this specialty in future CDP packets. However, residual points will only apply to Tiers 2, 3, 4 and 5 of the CDP. Residual points will earn ½ of the points normally assigned for the specialty in question. The Guide to CDP Points section below designates with an asterisk the specialties that are eligible for residual points.

If an officer performs any specialty for 5 years or more and voluntarily resigns from the specialty position, he or she will keep the full amount of points earned in that specialty for the remainder of the time he or she is in the CDP.

NOTE: Below is the Career Development Program Points *Guide*, which is not an all-inclusive list, as there may be additional specialties or activities that qualify for CDP points. If an officer wishes to present an argument for the granting of more CDP points for a particular activity, he or she should properly document the activity and present the argument in his or her CDP application packet. Additionally, if an officer has performed a specialty that is not included in the list below, the officer should include the activity in question in his or her CDP packet along with documentation to support the granting of CDP points for said activity.

h. CDP TIMELINE

CDP application packets are due to the supervisor of the Personnel Development Unit between April 20 and May 1 of each year. If May 1 falls on a weekend, then the final due date for CDP packets will be the next business day after May 1. There will be NO EXCEPTIONS for this due date unless an officer encounters a documented medical condition which keeps him or her from working the final three days of the CDP packet submission period or the officer is a lateral transfer from a qualified Law Enforcement Agency. Training and approved leave are not justification for an exemption to the May 1 deadline. If an officer is in training or on approved leave on May 1, he or she must submit his or her CDP packet before leaving for training or the approved leave. It is strongly recommended that officers not wait until the start of the submission period to begin preparing CDP packets for submission to the Personnel Development Unit.

The CDP Committee will review and assess all CDP application packets and present the committee's findings via a memorandum that includes a summary of the CDP evaluations from the supervisor of the Personnel Development Unit to the Chief of Police by June 1 of each year. If June 1 falls on a weekend, then the committee will submit its findings by the first business day after June 1. The appeals process for the CDP Committee's decisions is detailed in the Appeals Process section of this document, and the appeals timeline will begin on the date in which each officer is notified of the results of the assessments of the CDP Committee. The Chief of Police will review all lateral transfer CDP applications.

If an applicant terminates employment with Harrisonburg Police Department and then regains employment, the employee may re-enter the CDP at previous obtained Tier as long as their rehire date is not more than 1 year from their departure date.

i. APPEALS PROCESS

An applicant who disagrees with the decision of the CDP Committee may appeal the committee's decision through the process outlined below:

1. The CDP applicant will first submit a written memorandum to the supervisor of the Personnel Development Unit within 10 calendar days of learning of the CDP Committee's findings, indicating that the officer is appealing the initial decision of the Committee. In his or her memorandum, the officer must explain in detail why he or she disagrees with the Committee's decision.

The officer may not submit additional supporting documentation to support his or her appeal. The CDP Committee must base its decision only on the materials included in the applicant's CDP application packet.

2. The CDP Committee will reconvene to consider the matters outlined in the applicant's memorandum. The Committee will vote to decide whether it will modify its initial CDP recommendation, and what, if any, modifications are appropriate. The Committee may request additional information or documentation prior to making a recommendation. A

written recommendation will be completed within 10 calendar days of the date on which the Personnel Development Unit receives the memorandum for the appeal.

3. The supervisor of the Personnel Development Unit will forward the Committee's decision on the appeal to the Bureau Commander of the Administrative Bureau. The Bureau Commander will review the appeal and the Committee's recommendation and will add his or her own recommendation(s). The Bureau Commander will then forward his or her decision to the Chief of Police within 5 calendar days.
4. The Chief of Police or his designee will review all recommendations and make a final decision regarding the appeal, and then notify the applicant of the final decision within 5 calendar days.
5. The appeals process should be completed in no more than 30 calendar days from the date of receiving the memorandum initiating the appeals process, and all involved parties must make every effort to conclude the process in an efficient manner.

Only one appeal will be considered. Should an applicant disagree with the final decision of the appeal, he or she will move to Step 6, below.

6. An applicant who disagrees with the final decision of his or her appeal by the Chief of Police, the applicant may, where applicable, resort to the established grievance procedure outlined in the Professional Standards Policy.

j. CAREER DEVELOPMENT PROGRAM COMMITTEE

- a. Responsibilities of the Committee:
 1. The Career Development Program Committee is responsible each year for conducting evaluations of officers' CDP application packets. Committee members will also assist the Personnel Development Unit in administering the program and modifying the CDP as needed. The evaluations of the committee determine the level for which an officer will qualify. After evaluating each applicant's CDP packet, the committee will vote to make a recommendation to the Chief of Police regarding the applicant's status in the program. The committee may request additional information from an officer regarding his or her packet, if needed. All applications and the committee's recommendations will be forwarded to the Chief of Police after each evaluation period.
- b. Make-up of the CDP Committee:
 1. The CDP Committee will be chaired by the supervisor of the Personnel Development Unit.
 2. The committee will be comprised of seven non-supervisory officers in addition to the supervisor of the Personnel Development Unit. Four seats on the committee will represent the Patrol Division, and one representative each will sit on the committee from Special Operations and the Criminal Investigations Division. Additionally, one representative will represent Administration Division.

3. Officer members of the CDP Committee will serve a two-year term on the committee. The supervisor of the Personnel Development Unit will make substitute assignments to the committee if the need arises.
- c. The initial CDP Committee will be comprised of the members of the CDP Planning Committee. These initial committee members will serve two years to establish the CDP. After this initial two-year assignment, based on random selection, the initial members will rotate off of the committee over the following two years to allow other officers an opportunity to serve in this capacity.
- d. Should the Career Development Program need modification or enhancements, the CDP Committee will meet as needed to accomplish this task.
- e. The supervisor of the Personnel Development Unit supervisor will provide yearly budgetary information including projected costs for the CDP.
